Made in New Zealand by Swazi Apparel, these jackets feature two large handwarmer pockets and they're lightweight, yet totally windproof. Water repellent, though extremely breathable.

The Windshield® fabric we use in our Assegai and Strait Jackets keeps you snug even in the strongest wind, yet because the fabric breathes so well you'll never feel like you're too hot. All this and it looks just terrific.

Smart enough to be worn for all work and show occasions, it's also designed and crafted to be versatile enough for recreational use.

TIPS FOR SUCCESSFUL MEASURING

- Keep tape measure firm but not tight. Sometimes it's easier if another person helps you to measure
- Chest/Bust - with arms out at your sides, measure around your upper body, under your armpits and over the fullest part of your chest and shoulder blades, keeping tape measure parallel to the floor.
