From Jan 1 2014, ALL NZHA bulls (of any age, including calves) sold for transfer must be correctly sire verified in conjunction with having a DNA profile and be hypotrichosis tested and declared FREE. (Note - Diluter and idiopathic epilepsy testing can be completed at no charge, at time of hypotrichosis testing).

From Jan 1 2016, ALL NZHA females sold for transfer must have a DNA profile, be sire verified AND tested for hypotrichosis, diluter and idiopathic epilepsy with results declared.

The Vendor is responsible for the completion and recording of the transfer of any animal. Declaration of transfer not received by NZHA registry within 30 days of such transfer will have to be specially considered and if found necessary a fine for delay will be levied.

 I hereby authorise the Transfer/Lease of Ownership of the above animal for recording in the database of the New Zealand Hereford Association.
