

BeefIQ

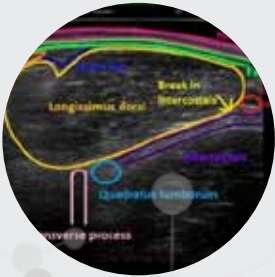

Breeding Better Beef

Bovine Ultrasound Muscle Scanning

About Me:

-) Breedplan - Certified Ultrasound Technician
-) Examined at West Texas A&M University - UGC
-) Trained at Leachman Cattle Co - UltraInsights / E.I. Medical

Service Promise:

-) Capturing high-quality muscle images using the latest, advanced ultrasound technology.
-) CUP System - eliminating technician bias, improving data accuracy ensuring continuous genetic improvement.
-) Leveraging UltraInsights' lab capabilities for accurate and reliable data analysis.
-) Delivering best-in-class service at affordable rates to support informed breeding decisions.
-) Based in Palmerston North, serving breeders across Manawatu, Hawkes Bay, and Wairarapa.

Equipment and Service Providers:

-) EVO III - E.I. Medical
-) BCF Ultrasound (AUS/NZ)
-) UltraInsights - CUP Lab Service Provider
-) Ultrasound Guidelines Council (USA)
